28	29	30				

Dear Parent's,

How is it April already? The school year is flying by! The children are all enjoying the spring weather (finally) and learning about the season. This month we will complete a lot of spring art projects. We will have spring sensory activities set up in the classroom and will learn about the changes that occur during the spring season.

Ms. Carol and I are so happy to see all of the children enjoying school. They have formed friendships and really enjoy spending time with each other.

We will continue to work on our primary colors and basic shapes. Please continue to work on colors and shapes with your children at home. The more they practice, the more familiar they become. We would like all of the children to know primary colors, basic shapes, and to count to 10 by the end of the school year.

Thank you again for sharing your children with us. It is such a joy to watch them grow!

Ms. Janet & Ms. Carol
